

# Creadify Website Strategy & Information Architecture

## Brand Positioning

Creadify should position itself as a premium growth partner for startups and businesses. The focus is measurable growth through websites, SEO, paid ads, branding, analytics, automation, and conversion optimization.

## Business Goals

Generate qualified consultation bookings, build trust, demonstrate expertise, educate prospects, and convert visitors into long-term clients.

## Target Audience

Startup founders, SMEs, ecommerce brands, local businesses, healthcare, education, hospitality, finance, and real-estate companies.

## Value Proposition

Scale your business with data-driven marketing that generates measurable revenue. Sell business outcomes instead of services.

## User Journey

Attention → Trust → Services → Results → Process → Testimonials → FAQ → Contact → Consultation.

## Information Architecture

Header, Hero, Client Logos, About, Why Choose Us, Services, Industries, Results, Case Studies, Process, Comparison, Testimonials, Marketing Stack, FAQ, CTA, Contact, Footer.

## Navigation

Sticky header with Home, Services, Industries, Process, Case Studies, FAQ, Contact and a Book Free Strategy Call button.

## Conversion Strategy

Place CTAs after Hero, Services, Case Studies, and Final Banner. Reinforce trust using metrics, testimonials, logos, and technology badges.

## Visual Direction

Navy blue primary, orange accent, cyan secondary, premium whitespace, rounded cards, soft shadows, subtle gradients, modern typography.
