

Part 7 – Creadify Component Library

1. Navigation

Sticky header with logo, navigation links, CTA button, active state indicator, mobile hamburger menu, and glass blur on scroll.

2. Buttons

Primary (orange), Secondary (outline), Ghost, Text, Icon buttons. Define hover, focus, disabled, loading, and success states. Rounded corners (12–16px).

3. Hero Components

Trust badge, headline block, supporting paragraph, CTA group, technology badges, animated KPI dashboard, floating metric cards.

4. Service Cards

Icon, title, description, feature list, CTA. Hover lift, border glow, and subtle shadow. Responsive grid layout.

5. Industry Cards

Simple icon + title. Equal-height cards with hover elevation. Used to show target industries.

6. Case Study Cards

Client logo/image, challenge, solution, measurable results, CTA. Optional metrics ribbon at the top.

7. Statistic Counters

Animated number, supporting label, optional icon. Use consistent typography and spacing.

8. Testimonials

Client photo, name, company, role, star rating, testimonial, optional video indicator, carousel controls.

9. FAQ Accordion

Question row, animated chevron, expandable answer, keyboard accessible interactions.

10. Forms

Text field, email, phone, textarea, select, checkbox, submit button, inline validation, error and success messages.

11. Badges & Tags

Technology badges, trust labels, featured tags, category chips. Rounded pills with subtle background colors.

12. Footer

Four-column layout: company info, navigation, services, newsletter, legal links, and social icons.

13. Utility Components

Dividers, breadcrumbs (if expanded later), section titles, empty states, loading skeletons, toast notifications.

14. Design Rules

All components must follow the same spacing scale, typography, corner radius, icon sizing, shadows, and animation timings for visual consistency.
